## Lead Practitioner (Safeguarding) Support Group – MASH/CRT team

Recent support groups were used as an opportunity to hear a break down of the systems that the CRT/MASH team use when taking a referral from a setting and what happens after the call/email is received.

SfYC/Mash will be putting together an FAQ sheet for Early Years settings to ensure all information is accurate, up to date and consistent for all.

In the mean time, please find below some links to the presentation and important documents and information that needs to be present in all settings and disseminated to staff teams as a whole.
